

# Visualising Mathematics: It's a whole school approach!

## ANITA CHIN PRIMARY MATHEMATICS INAUGURAL ANNUAL CONFERENCE 2017

**Saturday 4 March 2017 | The Epping Club, Sydney**

You are invited to be part of the first annual primary mathematics conference hosted by Anita Chin. As a celebration of her career as a Mathematics educator for 23 years and now as the Director of her own professional learning consultancy business, she is wanting to give back to educators what students have given her - a passion for teaching learners of all ages.

**Anita Chin**

*Director & Consultant  
Anita Chin Mathematics  
Consultancy Australia*

**Janette Bobis**

*Pro Dean Research  
Prof. Mathematics  
Education  
The University of Sydney*

**Jennifer Way**

*Assoc. Prof.  
Mathematics Education  
The University of Sydney*

This conference is designed to explore, discuss and inspire educators. High Value-Add schools report that having a whole-school approach to professional learning enabled a shared professional dialogue across the school, which fostered further professional development & kept learning current.

### WHY ATTEND?

- Learn from some of the best researchers & expert practitioners in Australia
- Hear case studies from other schools who are implementing a whole school approach to maths
- Engage with your team to collaborate and plan for a whole school approach to maths for your school
- Interact with some of the latest school resources from trade displays

- ▶ Interactive keynote address by Anita Chin
- ▶ 30-minute school teams planning session....speed dating style!
- ▶ 3 one-hour concurrent sessions, each with five workshops to select from
- ▶ Prizes and certificates
